

SPRING CLOTHING—M. GUTMAN &amp; CO.

# A Fit Costs no more than a Misfit.

There is nothing saved by buying badly fitting clothes. It takes just as long to cut and sew a coat that's too wide or too tight, or a pair of pants with bulging knees as though they fit perfectly. Hence why not buy perfect-fitting clothing, or to be more specific why not

—BUY YOUR CLOTHING AT—

## GUTMAN'S,

THE OLD RELIABLE,

Where an experience of thirty years has reduced the making of clothing to a science that knows no misfits. Immense as is Gutman's new Spring Stock there isn't a bungling garment in it. Some are finer than others, but whether a suit cost \$5 or \$20 IT FITS.

### MARVELS IN BOYS' CLOTHING.

Come and see our line of Eton Suits of fine blue cloth or light-colored cassimeres, also blue, brown, green and black English Velvets—all prettily embroidered.

### Reefer Suits.

Just the thing for school. Materials, Blue Chevrons. Coats with brass buttons and broad binding.

### THE ICE CONSUMERS

Have Another Meeting to Consider  
the Matter of Prices.

SEVERAL ALTERNATIVES OFFERED.

Ice at \$2 a Ton the Year Round, or at  
\$3 a Ton as it is Consumed—A New  
Plant Could be Put in on Advan-  
ticious Terms—A New Committee  
Named and no Result Yet Reached.

Yesterday afternoon another meeting of the ice consumers was held at McLaughlin's hall, to consider the subject of prices. It was well attended, and the propositions offered tended to confuse the average man's mind. The committee appointed at a former meeting to canvass with a view to getting a new factory, made its report. Mr. Connor, of the Wheeling Ice and Storage Company, had made a number of offers, but had withdrawn all of them.

The committee had another offer to report. Mr. Schmutz proposed to furnish the consumers' association with ice at \$2 a ton, provided they would bind themselves to take his entire output the year round. It was suggested that dealers who had storage facilities might well afford to take him up at this proposition, and store the surplus ice in cold months to meet the excessive demand in the mid-summer months.

Messrs. Walthers and Robrecht were appointed as a committee to confer with Mr. Schmutz on this proposition.

Mr. Connor made a supplementary offer to furnish ice at \$2 50 a ton on like terms, but no action was taken on it.

A gentleman from Cleveland offered to put up a new plant. He said he would superintend it himself, and furnish most of the capital, if the consumers would agree to use his product. The local people interested can take much or little of the capital stock, as they see fit. He says he can sell ice at a profit at a less rate than the present company here can make it.

No final action was taken, but a proposition from the local ice handlers will probably be taken up. They agree to furnish ice at 30 cents a hundred, which is a considerable cut on Mr. Connor's former figures.

### EX-CONGRESSMAN DANFORD

Not Worried About the Canvass—Grateful to His Friends.

Hon. Lorenzo Danford was in Bellaire yesterday morning on his way home from Columbus, where he pleaded the case of Walter Kelly before the state board of pardons. That case has not been decided yet the board reserving its decision on several cases heard. When questioned as to his being a candidate for congress, Capt. Danford said he had been so busy he had not given the matter any special thought at all, hence had given no word to any of his friends who are urging him to only say the word and they will do the rest. He is gratified at the kindly expressions thrust upon him, not only from all parts of Belmont county, but the district as well. "There are a number of things I want more than I want to go to congress," he said. "My law practice is about all I can take care of now, and I tell my friends that when they talk to me on this subject, but they persist, and insist that I must be a candidate. I shall go along attending to my affairs, watching some other matters more closely than the preliminary congressional canvass for a while yet. I haven't made up my mind to re-enter politics, but it is certainly gratifying to have so many old friends and new ones, too, express themselves as they have latterly. There is plenty of good timber for congressmen in this district and the Republicans must get together."

So saying the modest and massing ex-congressman started for the train for St. Clairsville.

### A PECULIAR AFFAIR.

Bellaire Authorities Let Loose the Four Car Breakers.

The four Bellaire boys, Scott Laville, Henry Sheperd, Amos McMillen and William Crimmon, who robbed Baltimore & Ohio freight cars at lower Benwood, have under peculiar circumstances escaped the hands of the law. The boys were under arrest at Bellaire, having been caught by the Baltimore & Ohio's detective, John Short, and a Bellaire officer the day before. According to the Bellaire authorities, Short was to appear against the boys at yesterday morning's session of Mayor DuBois's court. The boys were held until noon, and as Short did not turn up they were released.

It turns out that Short was at Moundsville yesterday morning making arrangements with Prosecuting Attorney T. J. Parsons, of Marshall county, for papers to be sent to Governor McKinley, of Ohio, for the requisition of the boys, who would then be tried in Marshall county, where the offense occurred. In this case the wheels of justice did not run on bearings of balls.

### German Comedy Enjoyed.

At the Opera House last evening the German Dramatic Company from Cincinnati presented the comedy "Gross-Stadt-Luft," which was described in yesterday's INTELLIGENCER. The company which the night before gave a nearly perfect performance of the rather tragic "Heimath," demonstrated the catholicity of its talent by rendering equally well a rather farcical comedy. A fair sized audience was not chary in its expressions of delight.

### Bright Spring Days.

The spring should be pre-eminently a season of contentment, happiness and hope. In these bright and pleasant months the country should enjoy its highest degree of tranquility and prosperity. But spring, it is well known, is often a period of discomfort and disturbance in the physical system. Important organs of the body become torpid or irregular in their action, and the fact is instantly reflected in the mental condition of the individual. A disordered liver means disordered nerves and a dull and unsteady brain. Anything which will bring the physical system into harmony with budding nature confers an enormous benefit upon the nation, besides the mere allaying of physical discomfort. Hood's Sarsaparilla does this, as thousands of grateful and happy men and women can testify, and increased use of this standard spring medicine is of more real practical importance in promoting health and quiet in the business world than reams of abstract theorizing.

### THE TEACHERS' ASSOCIATION

An Interesting and Profitable Regular Session Yesterday.

The Wheeling Teachers' Association held its regular meeting yesterday afternoon at 3 o'clock. It was opened by singing by the grammar pupils of Clay school and also by solo by Miss Mathews, a junior, all joining in the chorus. This was followed by Mr. J. D. Laro, of Columbus, O., in a talk on music, using the teachers as a class. He gave a lesson on the rudiments of music, which proved very interesting.

Miss Mathews sang another solo in a pleasing manner.

Rev. Dr. Swope talked a short time on the subject, "Dr. Arnold, of Rugby," the great English teacher of boys, showing how he impressed his own character on that of the boys, who passed under his tuition. He spoke particularly of how in his work at Rugby he was allowed to have his own way, and was not in any degree hampered by any rules laid down for his observance, and this greatly helped him in his work. His work showed itself in the boys he sent to the university of Oxford.

He closed by urging upon the teachers to remember that it is what they are, not what they may seem to be, that impresses the minds of those committed to their care. It is the character that draws the pupils to the teacher. The pupils can detect the sham as surely as the grown man and woman can.

### Young Men's Meeting.

The meeting for men at the Young Men's Christian Association at 4 o'clock to-morrow will be addressed by Rev. C. M. Alford. The association quartette will sing. All young men will be welcome. The usual Saturday evening meeting will be held at 7:45 o'clock to-night.

"Six days shalt thou labor," says the great lawgiver. To do good work, man must be at his best. This condition is attained by the use of Ayer's Sarsaparilla. It overcomes that tired feeling, quickens the appetite, improves digestion, and makes the weak strong.

Benton, Ark., has a jug factory that keeps four commercial travelers on the road all the time, and sends jugs all over Dixie.

### FROM GIRLHOOD TO WOMANHOOD.

The change is fraught with dangers. If there be pain, headache and nervous disturbances, or the general health poor, the judicious use of medicine should be employed. Dr. Pierce's Favorite Prescription is the best tonic and nerve at this time. It brings about a regularity in the womanly functions, cures female weakness, catarrhal inflammation, and uterine derangements. Scars, Northampton County, Va.  
Dr. R. V. Pierce: Dear Sir—After taking your medicine I feel like a new person. I shall recommend you and your medicine wherever I go. Your medicine has worked wonders for me and I can not praise it too much. All of my old symptoms have disappeared.  
Yours respectfully,  
Mrs. WILLIETTA DOUGHTY.
